

JOHN ROYAL

District 4

Biography

District 4 Director John Royal and his family have lived in the rural Bloomfield area for nearly two decades. He and his wife of 20 years, Stella, have three children. They enjoy being able to raise their family in the peaceful, serene lifestyle of the rural country setting. He considers establishing and running a business while remaining dedicated to his growing family to be his greatest accomplishment.

A graduate of Bloomfield High School, he received a bachelor of science degree in food science and a master of science degree in industrial technology from Purdue University. After working one year as a quality assurance technologist at Oscar Mayer, he decided to further his education and enroll in the veterinary medicine program at Purdue University where he received a doctorate of veterinary medicine. Royal worked as an animal practitioner and then moved on to establish Royal Veterinary Service, LLC in 2001. There he and his staff provide hospital care and ambulatory service for all types and breeds of animals.

Royal states that concern for the well-being of his neighbors and fellow members is the reason for his increased interest in his local cooperative. He believes that through common sense, active listening, and making informed decisions, he will best represent the members of the cooperative.
